MOTORBIKES

With our 5 day tour, we take you far beyond the business of the main loop, venturing south to Na Hang Lake and away from the crowds - while still taking in the best of the loop along the way. It's the perfect combination of Ha Giang's best-known sights and its most remote corners.

Just some of the route highlights...

Ma Pi Leng Pass - The most famous pass in Ha Giang, known as the "King of the passes"

Si Lau Phin Village - A rarely visited ethnic village, deep in the mountains, well away from civilisation.

Pho Bang Ancient Town - A traditional ethnic village near the Chinese border, famed for its clay houses.

Quiet Backroads back to Ha Giang - Return to Ha Giang city from the south through small villages other tours don't explore

Na Hang Lake - An 80sq km lake surrounded by limestone mountains. Boat out to the Sky Buffalo Tying Column, a 50m high stone tower rising from the water.

Secret Waterfall - Visit our secret waterfall hidden near Na Hang Lake to relax and swim.

6 DAY / 5 NIGHTS TOUR HA GIANG, NA HANG & CAO BANG

The 6 day tour is the ultimate Ha Giang and Cao Bang loop - 6 full days exploring the famous Ha Giang loop, the stunning Cao Bang region, and the remote Na Hang Lake. This is your chance to discover not just the real Ha Giang, but the real Northern Vietnam, far away from the other tourists.

Additional highlights...

Hong Thai Ricefields - High-altitude terraced rice fields (over 1,200m) in a remote Dao Tien village, glowing gold at harvest time (Sept/Oct) or mirror-like when flooded in spring.

Ma Pi Leng & Khau Coc Cha Pass - As well as the famous Ma Pi Leng Pass, ride the Khau Coc Cha - the most stunning pass in Cao Bang.

Ban Gioc Waterfall and Tiger Cave - Visits Vietnam's most iconic waterfall, right on the border with China and the nearby cave.

Cao Bang Traditional Villages - Explore traditional villages in Cao Bang, including blacksmith, papermaking and incense-making communities.

God's Eye Mountain - The famous mountain with a hole through it, set in a spectacular plateau surrounded by karst mountains.

EASY RIDER OPTION

This is the most popular way to experience the Loop.

You sit as a passenger behind a qualified rider. You also get your own personal companion who will take care of your belongings and well-being throughout the trip.

Ideal for anyone who isn't confident riding themselves or those that simply prefer to relax and enjoy the journey, you are free to enjoy the 360-degree views without having to focus so much on the road ahead.

We work with local riders who know Ha Giang well; many who are from towns and villages throughout the loop. All of our drivers are licensed for fully manual bikes.

Because our riders are local, they know the road, traffic and potential hazards.

So relax, you are in safe hands!
